About Us

A name of distinction, we, CBM Industrie Pvt Ltd, stand tall as a pioneer manufacturer and exporter of innovative Road, Rail & Airport Signages, Tools & other Safety Accessories for the Indian Road System & Railways. Also, we are one of the most trusted service providers undertaking Contractual Projects, Real Estate Job-work, Street Lighting, Road Works, BOT Projects and Road Marking, etc.

Our history rolls back to 1971, and since then we have remained in the forefront by introducing latest trends in road signage and safety measures. Over the years, we have broaden our product line, and at present we are the one stop source offering variety of signage and safety products like Retro Reflective Signs, Backlit Decorative Signage, Monolithic Towers, ACM Signage, Pylon Signage, LED Signage, Road Furniture and lots more.

Our History

Vision to Reality

CBM Industrie Pvt Ltd was conferred with the authorised converter-ship of 3M India, a subsidiary of 3M INC, USA, approximately three decades ago. Since then, it has consistently grown in terms of manufacturing and delivering quality signage products and setting the benchmark for the signage industry in India. Today, it is reckoned as the largest manufacturer of Retro Reflective Road signages, Illuminated & Non-Illuminated Internal/External Signages, Environmental Graphics & Road Safety Items, Pan India.

CBM is the first convertor to successfully install an overhead Gantry of 56 meters span near ISBT New Delhi in the year 1994 it pioneered the practice of signages in India through this innovative product. CBM has been the largest manufacturer and provider of Safety, Information & Way Finding signages to the Indian Roads & Railways for almost two decades. CBM also introduced the use & implementation of Backlit signages in the Indian Railways Stations Arenas.

Our Vision

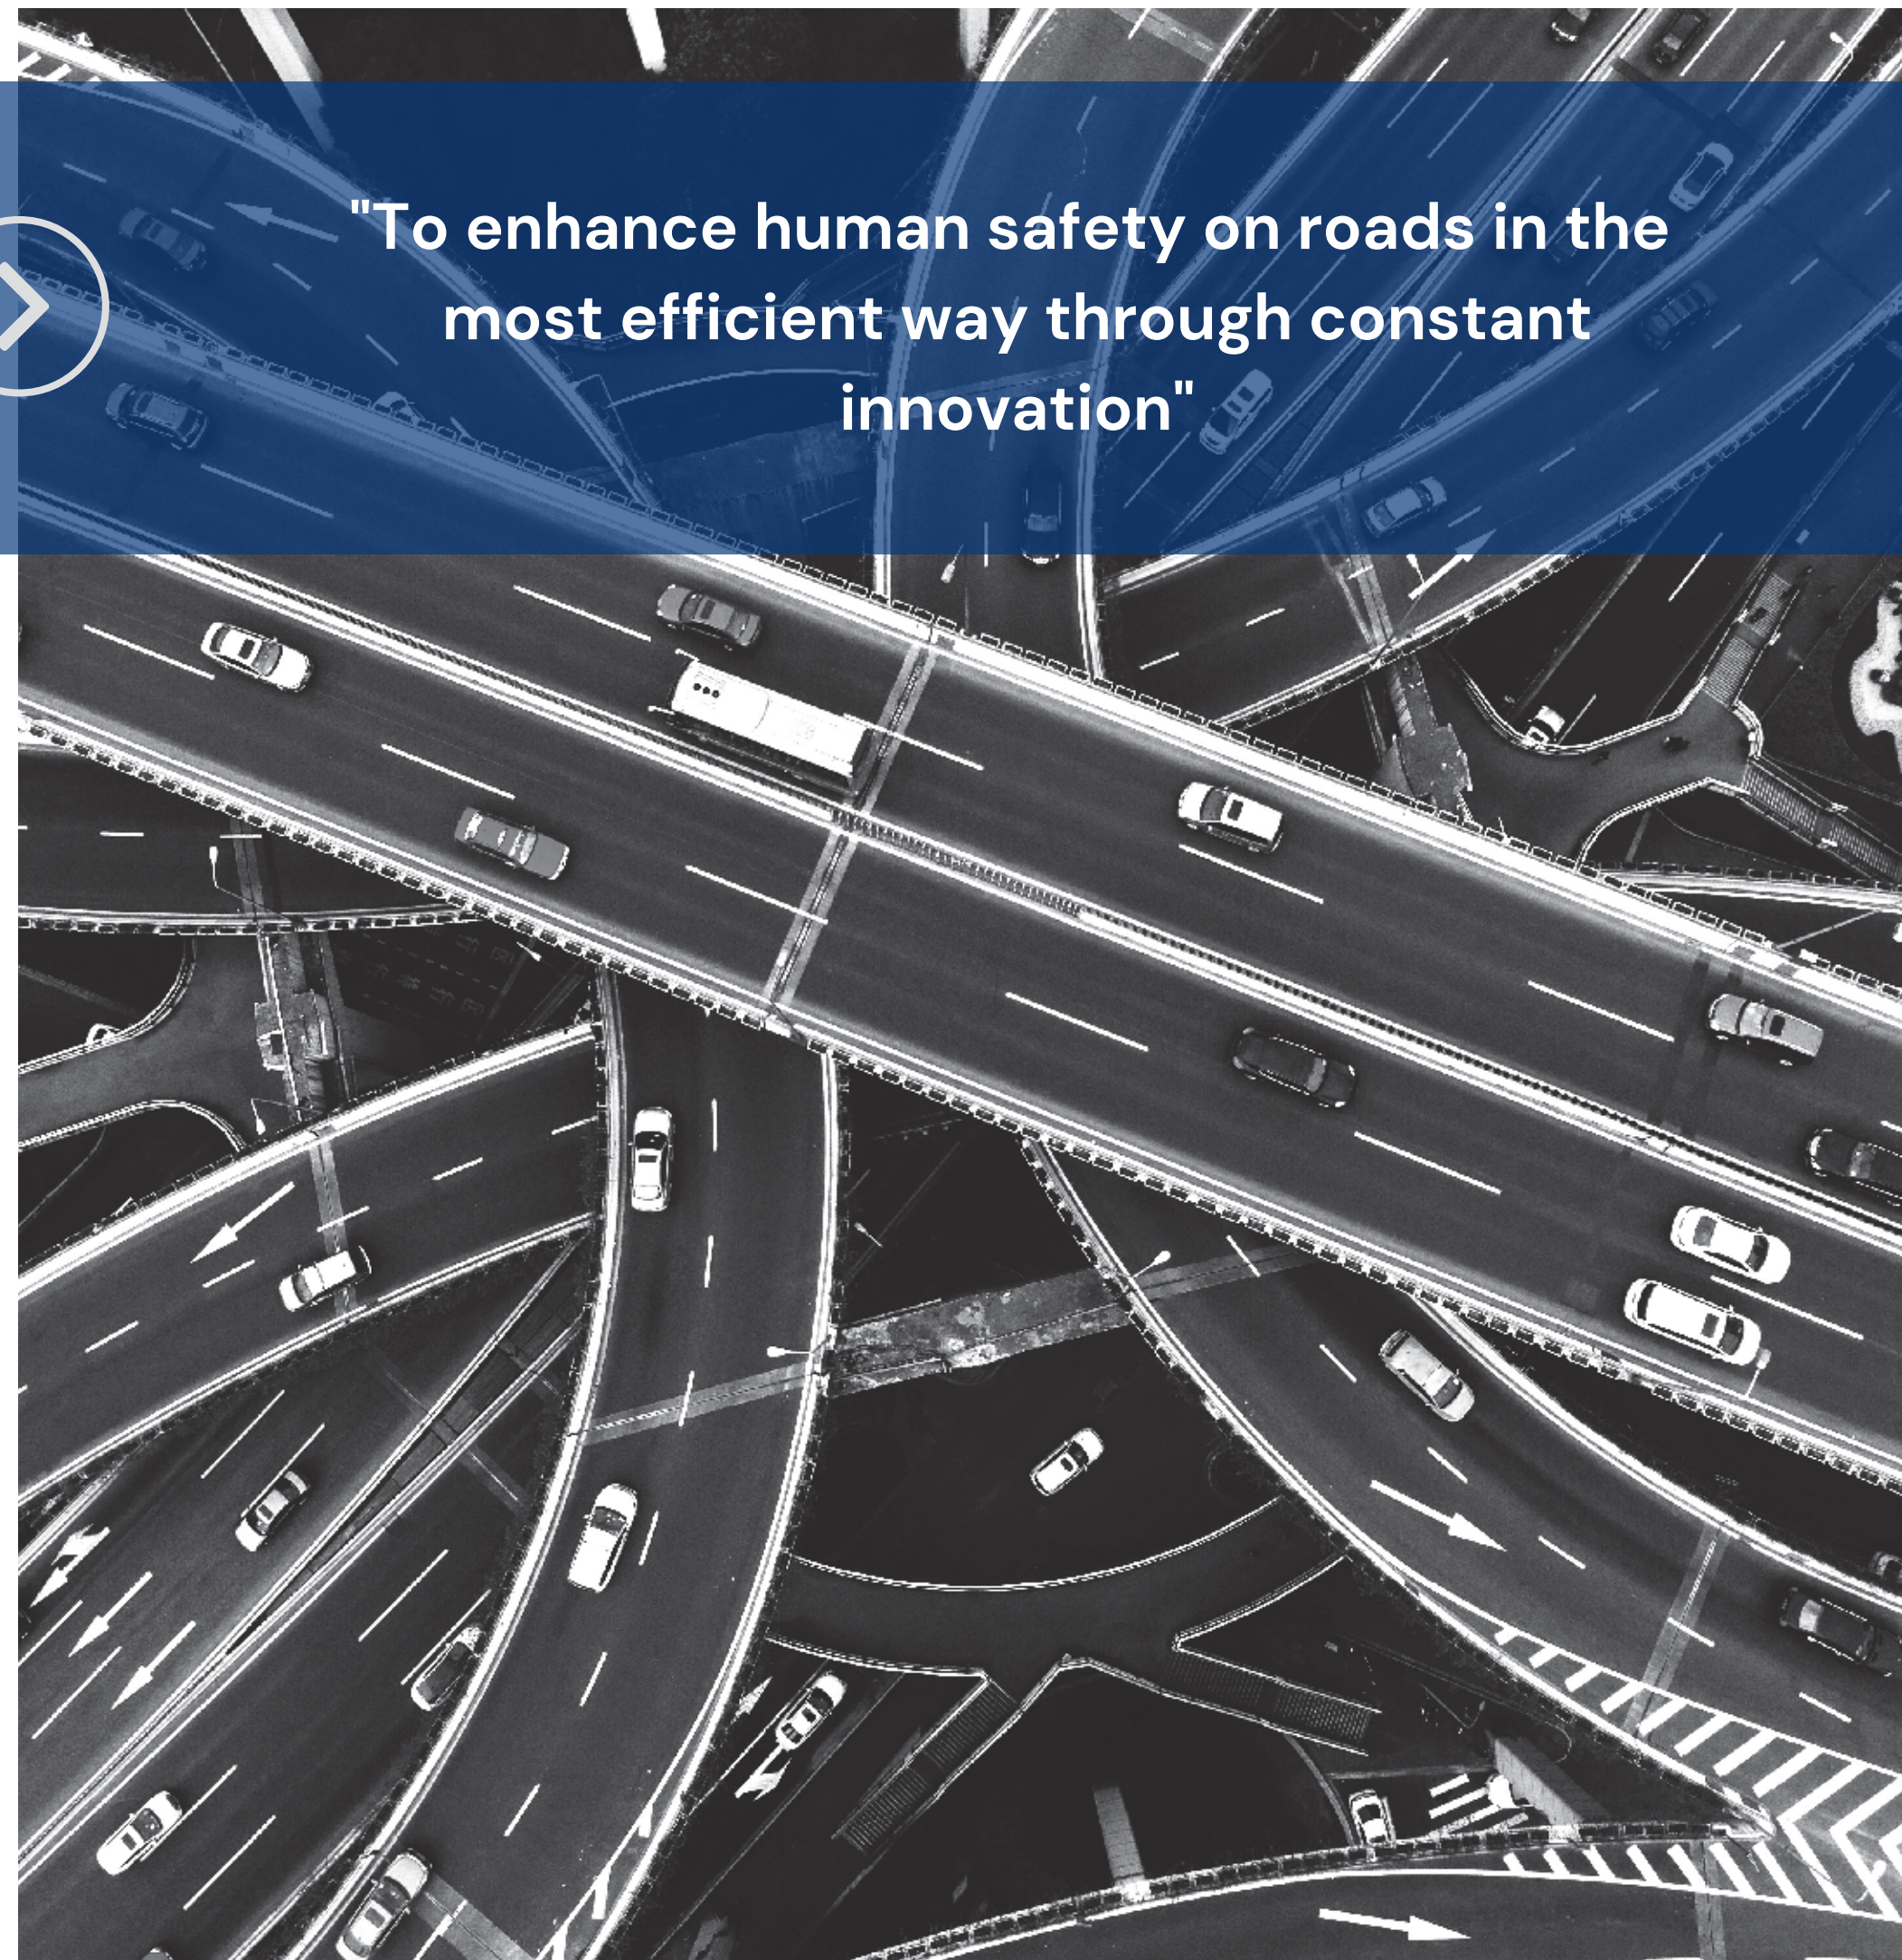

"To enhance human safety on roads in the most efficient way through constant innovation"

CBM an ISO 9001-2008 certified Company, make a strong presence in the market with our quality products, which are durable, highly usable, advance and cost effective. To manufacture these products, we abide by stringent quality control measures and ensure that every step of production is in sync with the norms & guidelines of ISO.

To regulate the necessary stern quality measures, we have an in-house quality assurance cell, which checks the procured raw material, production process and the finalized products as well.

We aim at bringing up better and more useful products by incorporating latest production methodologies and stringent quality control measures.
